

PDi Corporate Services

PDi Corporate Document Distribution

When it really matters

Shareholder and Corporate information distribution

- Printed corporate documents including Annual Reports and Prospectuses are distributed worldwide to meet critical deadlines.

Media Management

- PDi provide a project managed service for the distribution of various forms of corporate media from standard printed media through to e-media.

Employee Communication

-PDi provide a managed distribution service to companies HR departments, ensuring employees are informed worldwide.

Campaign Management

- PDi account handlers work closely with clients and agencies to ensure efficient campaign deployment.

Database Management

- Databases are critical to all organisations for storing and retrieving key information for sales, human resources, accounting and other core departments.

- PDi are experts at maintaining accurate and up to date databases (key to the successful distribution of corporate and customer information).

- Specialist data management skills include analysis, profiling, tagging and deduping.

Telephone / Email / Postal Response Services

- PDi supply a unique telephone number, postal or email address from which our staff will log response details from your campaigns and promotions.
