- This is a Royal Mail Service and not outsourced to other third party agents
- Mail is not consolidated but sent out daily on a job by job basis
- All mail is collected from you or designated address by PDi Free of charge
- PDi will guarantee you big savings when processing your international mail
- Typical savings are available from 20% to over 30% (depending on mailing profile)
- Higher discounts available with increased monthly throughput
- All mail guaranteed to be sent through Royal Mail

Database management - PDi services include

- Cleansing, de-duping, European address formatting and return data capture
- PAF file verification

Direct injection service available

Mail is directly injected into a countries postal service.

Envelopes will carry the local indicia (stamp) of that particular postal service and will appear to have been posted locally.

Please call to discuss in more detail.

*In 2011 PDi saved a client (a major UK business in the financial sector) in excess of **£50k** by using PDi's overseas mail service.*
